SENIOR COMPANION PROGRAM

Everyone deserves a friend!

What is SCP?

Senior Companion Program, Inc. (SCP) is a nonprofit 501 (3)c organization founded in 1978.

SCP was founded to alleviate loneliness, enabling adults to live with hope, meaning, and dignity.

There is no cost to be a part of Senior Companion Program.

How does it work?

With respect for the uniqueness of each person, SCP matches one of our volunteers with a client. That volunteer then visits the the same person every week. Our volunteers and clients usually find a common ground quickly and their relationship builds from there!

You might spend an hour in conversation. You might play a board or card game, do a puzzle, read aloud, watch a TV program, listen to music, do a craft...the possibilities are endless!

We know that even though our program members are older now, they weren't always so- and they still have the same interests they've always had! Our clients love to share stories of their life experiences with our volunteers!

What you can expect.

We ask our volunteers for a minimum of one hour per week to visit their companion. All of our volunteers must pass a background check before being matched.

We do not expect our volunteers to transport their companion anywhere. Any outing would *not* be under the umbrella of SCP.

SCP volunteers *do not* provide medical care, personal care, assistance with finances, house cleaning, cooking of any other type of home, health, or personal services.

SCP volunteers provide a connection with the outside, and they provide socialization and friendship through weekly visits that our clients can look forward to!
